

Out of School Hours Care Inc.

1st May 2006

To Whom It May Concern:

Sports Fundamentals are currently running a Sports Fun Vacation Care Program at Beauty Point Public School OOSH. This program consists of a two hour session for approximately 20 - 30 children aged 5-12 years and focuses on introducing the children to various sports and developing movement skills.

The Sports Coaches, take complete control of the session and are always enthusiastically involved in each session. The sessions are well structured so that all children no matter what age are participating, learning and enjoying.

The sessions also incorporate a large focus on participating within a team. We find this aspect of the program particularly encouraging given the often large discrepancies in ages in children we have attending our Centre. The Sports Coaches create a fun and secure learning environment for the children, through their use of games, communication skills and involvement in each session.

We have found the Sports Fundamentals Program to be extremely cost effective in comparison to other external groups that have offered their services to our Centre. The staff are friendly, flexible with their timing of the sessions and very reliable.

The Sports Fun Program has been a huge success at our Centre and I have no hesitation in recommending them for other childhood settings.

Regards,

Emily Phippen
Centre Director
